SUMMARY

A passionate and ambitious front-end developer determined to improve upon user-friendly web services. Always eager to expand on her technical knowledge to more effectively develop software applications. Confident in her ability to work both independently and in a team setting, positively impacting any working environment.

WORK EXPERIENCE

Simbi by Jugaad Ventures Inc., Vancouver, BC — Front-end developer January 2022 - November 2022

- Complete large complex technical debt maintenance tasks in the react and CSS-in-JS ecosystem.
- Build new features such as filtering & search functionality, and independent features with their own state and API layer.
- Collaborate with the team to solve technical challenges, update technical documentation, and find the best solutions to refine developer and user experience.

Musician First, Vancouver, BC — Front-end developer September 2021 - April 2022

- Build functionalities such as searching users by name, compressing images to prevent users to upload large-sized profile images by using React Redux.
- Collaborate with a team and have meetings regularly to report tasks that were done and keep deadlines.
- Managed tasks in Trello.

Goopter Holdings Ltd., Vancouver, BC — Front-end developer July 2021 - August 2021

- Build a mobile version of the application.
- Test codes and report bugs.

ITP INC., Tokyo, Japan — Sales April 2017 - October 2020

- Analyzed the needs of clients in various fields, and offered suggestions based on their individual circumstances.
- Endeavored to build a larger client base on a daily basis.
- Acquired new clients and closed on the contract.
